

SmartLF SC 25

Professional MFP Solution

Ultra-Compact Color and Monochrome
Multi-function Scan/Copy/Print System
for Technical Drawings and
Full Color Graphics
up to 25 inches wide

SUITABLE FOR:
SMALL OFFICE / HOME OFFICE, TECHNICAL
& CAD DRAWINGS, AEC, UTILITIES & ENERGY,
FACILITIES MANAGEMENT AND ELECTRONIC
DOCUMENT CAPTURE (ISIS)

Make the use of what you already have by incorporating a Colortrac SmartLF Scanner and SmartWorks Pro workflow software with your printer to maximize the use of existing equipment and reduce costs.

Scanner	Software	Stand & Optional Accessories
<p>Colortrac SmartLF SC 25c</p> <ul style="list-style-type: none"> • Face-up, Front Feed with Front or Rear exit of documents with Document Return Guide • Maximum Resolution: 9600 dpi • Maximum Image width: 25 inches (635 mm) • Maximum Media width: 27 inches (686 mm) • Maximum Media thickness: 0.08 inches (2.0 mm)¹ • SingleSensor with 30,000 pixels giving 48-bit color and 16-bit greyscale data capture • Dual bi-directional extra long life RGB LED lighting of document during scan, with instant on meaning no warm-up time. • Maximum scan speed @ 200 dpi <ul style="list-style-type: none"> - 24-bit RGB color - 3.00 in/sec - 8-bit Greyscale/Mono - 13.00in/sec • Scan accuracy: +/- 0.1% or +/- 1 pixel • Digital Image processing: <ul style="list-style-type: none"> - 2D Intelligent Adaptive Thresholding - Fixed threshold Black & White (1-bit mode) - Dynamic Normalisation Application with 16-bit super sampling • Color Space: Normalised / Linearised RAW RGB or sRGB • Color Image Processing: Gamma, Brightness, black & white point adjustment • Interfaces: - SuperSpeed USB3 • Certifications: ENERGY Star, RoHS, CE, CCC, IEC CB test, FCC, UL compliant • Electronic Document Capture (EDC) with ISIS™ interface driver to connect seamlessly to EDM systems & databases. 	<p>Colortrac SmartWorks EZ Touch Plus (Touch Screen compatible)</p> <ul style="list-style-type: none"> • The SmartWorks Pro software allows you to send a copy of the original directly to the printer • Optimised for Windows™ Printer Driver Support • Automated features include: <ul style="list-style-type: none"> - Auto paper detection, Auto start scanning • Preview mode allows operator to make real time changes before printing • Advanced Editing Features: <ul style="list-style-type: none"> - Smooth de-skew to ensure clean scan & minimise stress on original document - Efficient High Speed Viewer to monitor copied image - 10 Preset Filters for repeatable best results with common document types • Multiple Black & White Modes <ul style="list-style-type: none"> - 8-bit, 256 levels of greyscale - Intelligent Adaptive Thresholding for dark originals • Total Color Management <ul style="list-style-type: none"> - the in-built color correction provides best-in-class color fidelity when copying using IT8 / ICC profiling - Create Printer profiles for your preferred media to gain best color output - Repeatable quality copy after copy • Fully Indexed Help File in 10 languages • Operating Systems: 32 and 64 bit; Windows 7, Vista & XP 	<p>Colortrac SmartLF Repro Stand</p> <ul style="list-style-type: none"> • The SmartLF Repro Stand minimizes the combined footprint of the scanner and printer and creates a practical, high productivity MFP workstation • The wide format scanner is positioned at the optimum height above most popular large format printers. • The stand height is adjustable through four height variations allowing maximum printer heights of: <ul style="list-style-type: none"> Height 1: 45in (1143 mm) Height 2: 43in (1093 mm) Height 3: 40.8in (1038 mm) Height 4: 39in (988 mm) • It also holds a PC, flat screen and keyboard and allows the Operator to these items in the best place for their requirements • Adjustable monitor support arm height from floor: 55 in (1396 mm) • Depth of stand: <ul style="list-style-type: none"> - minimum: 34in (864 mm) - maximum: 44in (1116 mm) Including extended keyboard tray and PC basket combination • Maximum stand width including extended Monitor Support Arm: 66.1in (1680 mm) • There is no limit to the width of the printer <p>Notes: ¹ - Thick documents up to 2mm must be flexible. Colortrac does not guarantee quoted speeds for thick media. Thick media should be scanned at reduced speeds to obtain optimal image quality. For heavy and/or thick materials the operator may need to support the document as it enters and exits the scanner. For larger sizes of heavy and/or thick media Colortrac recommend the scanner be placed first on a flat surface and the operator supports the document as it enters and exits the scanner. Colortrac recommends the Paper Return Guide be removed when using heavy and/or thick media in the scanner.</p> <p>Laptop/computer, touchscreen, keyboard and mouse are not included in the professional solution - please contact your local Colortrac distributor for further information.</p>
